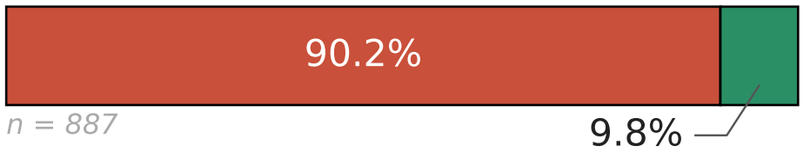
A

Mutation effects measured in evo. background, conditioned on being beneficial in anc. background



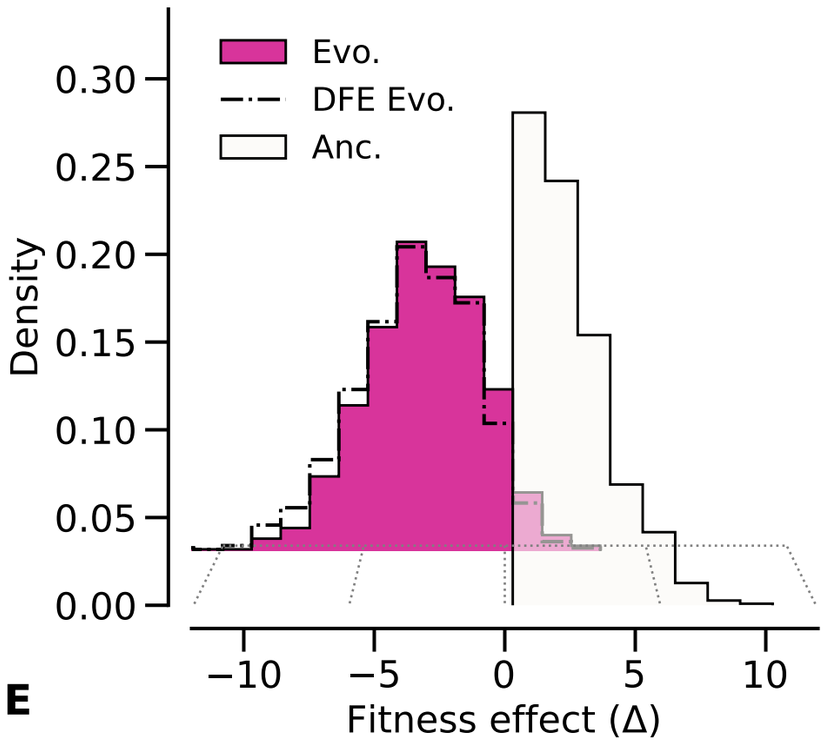
n = 887

Mutation effects measured in anc. background, conditioned on being beneficial in evo. background

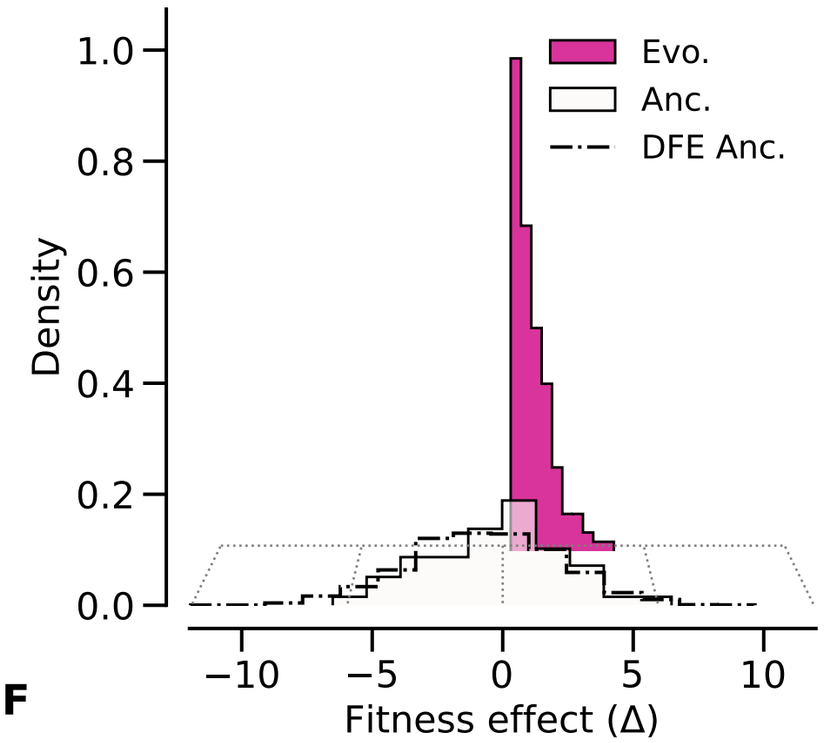
n = 151

Deleterious Beneficial

B

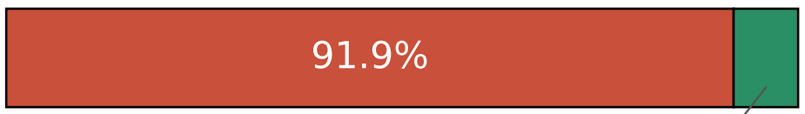


C



D

Mutation effects measured in evo. background, conditioned on being beneficial in anc. background



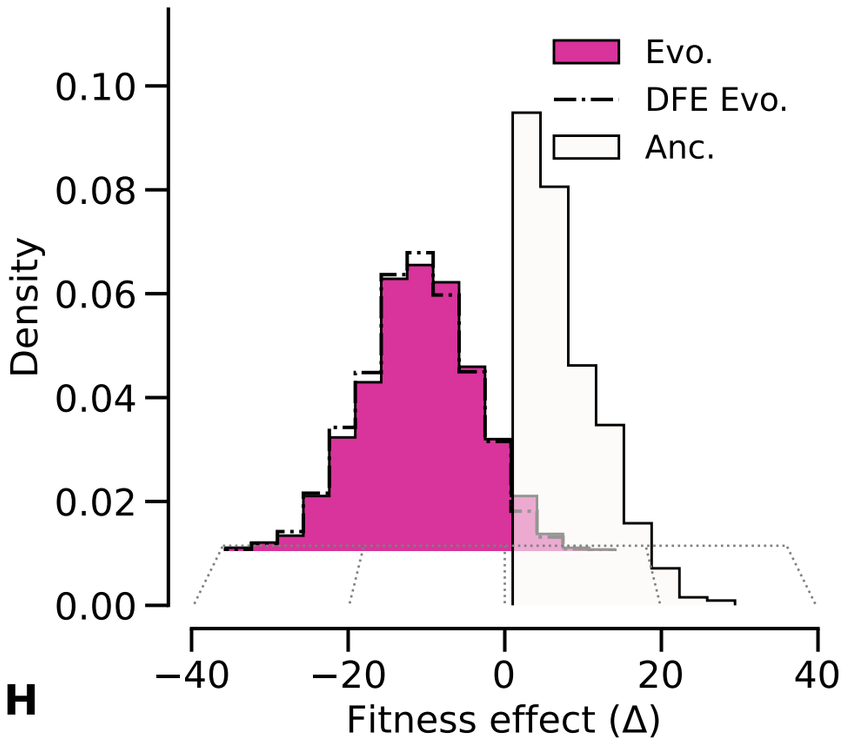
n = 909

Mutation effects measured in anc. background, conditioned on being beneficial in evo. background

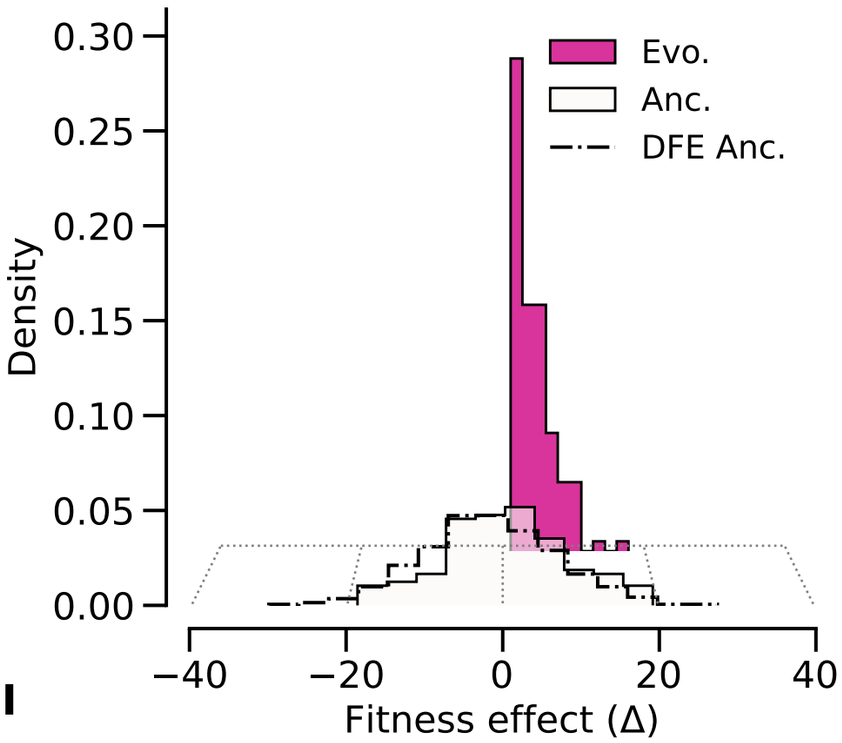
n = 128

Deleterious Beneficial

E



F

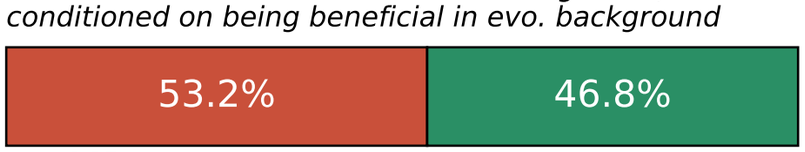


G

Mutation effects measured in evo. background, conditioned on being beneficial in anc. background

n = 1452

Mutation effects measured in anc. background, conditioned on being beneficial in evo. background



n = 965

Deleterious Beneficial
